RE: REMOVAL OF CHARGES – ACCOUNT #5227606
MARY PARISI

One of our temporary Meter Readers made a mistake on the first quarter 2016 meter reading (2141000) for 130 Hess Avenue. His reading was less than the fourth quarter 2015 reading (2147000). The resident received a bill for -6000 gallons at the cost of $ 19.50.

This resulted in the second quarter bill for 31,000 gallons at the cost of $187.80 when it should have been for 16,000 gallons at the cost of $73.05. Therefore, $114.75 plus $3.40 in interest (total $118.15) should be removed from the account.

I recommend the removal and will prepare the appropriate resolution.

Re: Removal of Charges – Account #3254501 – Alyssa Pinter

The meter reader read the water meter at 195 Middlesex Avenue for the second quarter of 2016, his reading of 0999100 resulted in a bill for 283,100 gallons at the cost of $2,855.16. After the resident contacted us, we re-read the meter as 0737630. The bill should have been for 21,630 gallons at the cost of $115.89. Therefore, $2,739.27 should be removed from the account.

I recommend the removal and will prepare the appropriate resolution.

Re:	Removal of Charges – Account #9174000-0 West Deptford Board of Education

When the meter reader read the water meter at the Middle School at 675 Grove Road, his reading of 101700 resulted in a bill for 204,100 gallons at the cost of $1,966.41. The reading should have been entered as 1017000. The bill should have been for 119,400 gallons at the cost of $1,013.51. Therefore, $952.90 should be removed from the account.

I recommend the removal and will prepare the appropriate resolution.
