Dear Ms. DeHart:

On behalf of West Deptford Township, T&M Associates (T&M) hereby submits this formal request for a statement of consent for an Amendment to the Tri-County Water Quality Management Plan for the project as referenced above (also referenced as NJDEP Program Interest No. 435433, Activity No. AMD160006). The purpose of this letter is to request a written statement of consent from West Deptford Township for the above-cited proposed WQM plan amendment. State of New Jersey regulations (N.J.A.C. 7:15) require that all governmental entities, sewerage agencies, and BPU related sewer and water utilities that may be affected by, or otherwise have a substantial interest in, approval of the amendment proposal, shall be requested to issue a written statement of consent. In consideration of this requirement, the governing body of the Township of West Deptford is hereby requested to issue a statement of consent on the attached amendment proposal. A statement of consent by a governmental unit shall be in the form of a resolution by that unit's governing body.

Pursuant to N.J.A.C. 7:15-3.5, this written statement of consent is required within sixty days of your receipt of this letter. Enclosed, is the suggested resolution and map of the proposed Sewer Service Area. Should you determine that the governing body does not support the amendment proposal, it may submit a separate resolution to that effect, which shall specify the reasons why the amendment proposal is not supported. A copy of the resolution should be sent to T&M Associates, as well as to the New Jersey Department of Environmental Protection (DEP), Office of Water Resources Management Coordination, P.O. Box 420, Mail Code 401-02A, 401 East State Street, Trenton, New Jersey 08625.

Please be aware that if you do not submit the requested resolution, the DEP maintains the option of considering approval of the proposed amendment. Therefore, it is in your best interest to submit a resolution defining your position so that the DEP may consider it in their decision-making process on the amendment proposal.
